- Hour meter
- CE-approved

Technical specifications S06

Max.working height	8,00 m
Max.platform height	6,00 m
Loading Capacity	380 kg
Size of platform	2.27 × 0.81 m
Platform extension size	0.90 × 0.81 m
Overall stowed height(lift)	2.20 m
Overall stowed height(lower)	1.87 m
Overall stowed length	2.45 m
Overall stowed width	0.81 m
Power	24V/3.3 Kw
Driving speed-Eleveted	3.5 Km/h
Driving speed -Lowered	0.8 Km/h
Lift/Lower time	24/54 sec.
Battery	4×6V/225 Ah
Max climbing ability	25%
Maxmum slope	2°- 3°
Wheel size	Diam. 381 mm × 127mm
Safe working load	110 Kg
Total weight	1.970 Kg

Configuration S06

Battery:	Trojan (USA)
Drive motor:	Changba or Changqian
Charger:	Keneng
Control system:	DTC (USA)
Group valve:	Hydraforce (USA)
Motor & braking:	White (USA)
Oil Pump:	OT (Italy)
Tyre:	Non marking tires
